EMPLOYEE MANDATORY TRAINING

New Employee training is mandatory (4) hours of training are required by the State of Minnesota and the Department of Human Services.

No employee may work at any home until orientation and on-site training {care Plan} had been reviewed by the RN or Qualified Person.

We require that all applicants to complete the new training within two (2) weeks of their hire date, or the first available training class.

I accept this training completion notice and I can complete my training in a {2} week period.

All training and meetings are paid at Minimum Wage. This includes all on- going training.

I accept this training completion notice, but I am unable to complete my training in the (2) week period.

**I understand that training is mandatory, and I can complete my training in
(time).**
